

CURRICULUM VITAE

NEEL ANAND, MD

ADDRESS

444 S. San Vicente Blvd., Suite 901
Los Angeles, California 90048
Phone: 310-423-9779 Fax: 310-423-9773
Email: anandn@cshs.org
Website: www.anandspinegroup.com

EDUCATION

FELLOWSHIPS

Scoliosis and Spinal Deformities, Mar 1994-Jul 1994

Hospital for Special Surgery, Cornell University
New York, New York

Trauma, Aug 1994-Jul 1995

Hospital for Special Surgery, Cornell University
New York, New York

Reconstructive Spinal Surgery, July 1993-Feb 1994

Spinal Associates of North Central Florida, University of Florida Gainesville,
Florida

RESIDENCY

Albert Einstein College of Medicine, 1996-2000

Orthopaedic Program at The Bronx-Lebanon Hospital Center
Bronx, New York

Elective Residency Rotation, Nov 1998-Jan 1999

Texas Back Institute
Plano, Texas

Royal College of Surgeons of England, Jan 1990-Jun 1993

Royal Liverpool University Hospital & Royal Liverpool Children's Hospital,
Liverpool, United Kingdom

University of Bombay, Dec 1983 -Dec 1989

B.Y.L. Nair Hospital
Bombay, India

INTERNSHIP

New York Medical College, 1995-1996

Lincoln Medical and Mental Health Center &
Our Lady of Mercy Medical Center, Bronx, New York

MEDICAL SCHOOL

Doctor of Medicine, 1979-1983

University of Bombay, T.N. Medical College

Bombay, India

APPOINTMENTS

July 2013 to Present	Clinical Professor of Surgery Cedars-Sinai Medical Center Los Angeles, California
April 2012 to Present	Director, Spinal Trauma Cedars-Sinai Spine Center Los Angeles, California
2005 to April 2012	Director, Orthopedic Spine Surgery Cedars-Sinai Spine Center Los Angeles, California
2005 to 2007	Director, Spine Fellowship Cedars-Sinai Institute for Spinal Disorders Los Angeles, California
2005 to 2007	Director, Minimally Invasive Spine Surgery Cedars-Sinai Institute for Spinal Disorders Los Angeles, California
2002 to 2005	Director, Spine Trauma Cedars-Sinai Institute for Spinal Disorders Los Angeles, California
2000-2001	Attending Physician Cedars-Sinai Institute for Spinal Disorders Los Angeles, California

LICENSES AND CERTIFICATIONS

Board certified by: American Board of Orthopaedic Surgeons, 2004, 2013
Royal College of Surgeons in England, 1994

ECFMG CERTIFICATION

USMLE: 0-461-669-4 1994

New York Medical License 1998:
Nevada Medical License 2000:

California Medical License 2000:
General Medical Council (GMC), UK. 1992:
Maharashtra Medical Council, India. 1984:

PROFESSIONAL ORGANIZATIONS

- Founding Member – Society for Minimally Invasive Spinal Surgery (SMISS)
 - Board of Directors, SMISS
 - Education Committee SMISS 2011/2014
 - Treasurer SMISS 2011/2012
- Founding Member – Society for Lateral Access Surgery (SOLAS)
- National Director – ONE Spine Society
- Charter Member – Society of Nucleus Arthroplasty (SONA)
- Scoliosis Research Society (SRS)
 - Web Site Committee of Scoliosis Research Society (SRS) 2007-2008
 - Instrumentation Committee of Scoliosis Research Society (SRS) 2007-2008
 - Adult Deformity Committee (SRS) 2013-2014, 2015-2016, 2016-2017
- American Academy of Orthopaedic Surgeons (AAOS)
 - Spine Program Committee – 2016-2019
- North American Spine Society (NASS)
- Spine Arthroplasty Society (SAS)/ Int'l Society for the Advancement of Spinal Surgery (ISASS)
 - Publication Committee for ISASS/SAS 2011/2012, 2013, 2014, 2015, 2016
 - Educational Committee for ISASS/SAS 2011/2012, 2013/2014
 - Program Committee for ISASS/SAS 2011/2012, 2014/2015
- Spine Trauma Study Group (STSG)
- Degenerative Spine Study Group
- MAST Deformity Focus Group
- Complex Spine Study Group (CSSG)
- Clinical Academic Promotions and Appointments Council (Clin-APAC) – Cedars-Sinai

CLINICAL INVESTIGATION PROTOCOLS

Principal Investigator: Pivotal FDA IDE Clinical Study – A Clinical Study to evaluate the **Acadia Facet Replacement System (AFRS)**, Facet Solutions, Hopkinton, MA/Globus Medical, Audubon, PA; 2009 to present

Principal Investigator: A Phase II, Randomized, Double Blind, Placebo Controlled Study Evaluating the Treatment of Degenerative Lumbar Discs with Allogeneic Cultured Chondrocytes (**NuQu**), ISTO Technologies, Inc, St. Louis, MO; 2013

Principal Investigator: **Stabilimax NZ** Study Participants Collection of Addt'l Follow up Data, Clinical Investigational Plan, R-001; Rachiotek, LLC, Wellesley, MA, 2012

Principal Investigator: Trial Evaluating the Safety and Effectiveness of **NUBAC™ Disc Arthroplasty**, Pioneer Surgical Technology, Inc, Marquette, MI, 2009 to 2010

Principal Investigator: Pivotal FDA IDE Clinical Study - A Clinical Study Comparing Dynamic Stabilization of the Lumbar Spine with the **STABILIMAX NZ™** Dynamic Spine Stabilization System to Posterolateral Instrumented Fusion, Applied Spine Technologies, New Haven, CT, 2007 to 2010

Principal Investigator: Pivotal FDA IDE Clinical Study – A Prospective Randomized Controlled Clinical Investigation of **DIAM Spinal Stabilization System** in Patients with Lumbar Degenerative Disc Disease, Medtronic Inc, Memphis, TN, 2007 to 2008

Principal Investigator: Pivotal FDA IDE Clinical study – A Pivotal Multi-Center Randomized Controlled Trial Evaluating the Safety and Effectiveness of **NeoDisc** versus Instrumented Anterior Cervical Discectomy and Fusion (ACDF) in Subjects with Single Level Cervical Disc Disease, Nuvasive, San Diego, CA, 2006 to 2009

Co-Investigator: Pivotal IDE clinical Study - **PCM Artificial Cervical Disc Replacement**, Cervitech Inc., Rockaway, NJ, 2006 to 2008.

Principal Investigator: Pivotal FDA IDE clinical Study of the **Dynesys Spinal System** as a Non-Fusion for Spinal Stabilization, Zimmer Spine, Minneapolis, MN, 2003 to 2006

Co-Investigator: Pivotal IDE study of the **Bryan Cervical Disc Prosthesis** in the Treatment of Degenerative Disc, Medtronic Inc, Memphis, TN, 2003 to 2004.

Co-Investigator: Pivotal IDE study of the **SBIII Charité Lumbar Disc Prosthesis**, Johnson and Johnson, Raynham, MA, 2001-2004.

HONORS AND AWARDS

- 1987 – 1988 **Best Resident**, B.Y.L. Nair Charitable Hospital / Bombay, India
- 1980 **Honors in Human Anatomy**, University of Bombay / Bombay, India
- 1988 **Dr H.D. Dastur Gold Medal** (1st Rank), *FCPS.Orth.*Examinations / Bombay, India
- 1992 **Khazenifar Gold Medal**, Best overall clinical performance at the *Mch. Orth.* Examinations / University of Liverpool, U.K.
- 2011 **Leon Wiltse Award for Best Clinical Paper**, Las Vegas, SAS 2011: “Long Term 2 to 4 year Clinical and Functional Outcomes of Minimally Invasive Surgery (MIS) for Adult Spinal Deformity”
- 2012 **Orthopedics This Week Spine Technology Awards**. Category: Minimally Invasive Care. SMISS
- 2015 **Nominated Best Paper, SMISS 2015**: Analysis of the 10 best and 10 worst functional outcomes to Circumferential Minimally Invasive Surgical (CMIS) correction of Adults Spinal Deformity (ASD)

EXPERIENCE

April 2012 – present

Director, Spinal Trauma

Spine Center, Cedars-Sinai Medical Center, Los Angeles, California

2005 –April 2012

Director, Orthopaedic Spine Surgery

Spine Center, Cedars-Sinai Medical Center, Los Angeles, California

2005 - 2007

Director, Spine Fellowship

Cedars-Sinai Institute for Spinal Disorders, Cedars-Sinai Medical Center, Los Angeles, California

2004 – 2007

Director, Minimally Invasive Spinal Surgery

Cedars-Sinai Institute for Spinal Disorders, Cedars-Sinai Medical Center, Los Angeles, California

January 2002 – April 2005

Director, Spine Trauma

Cedars-Sinai Institute for Spinal Disorders, Cedars-Sinai Medical Center, Los Angeles, California

September 2000 – December 2001

Orthopaedic Spine Surgeon

Cedars-Sinai Institute for Spinal Disorders, Cedars-Sinai Medical Center, Los Angeles, California

July 1996 – June 2000

Orthopaedic Residency

Albert Einstein College of Medicine, Orthopaedic Program at Bronx Lebanon Hospital Center
Bronx, New York

November 1998 – January 1999

Elective Spine Surgery Rotation

Texas Back Institute, Plano, Texas

July 1995 – July 1996

Surgical Internship

New York Medical College, Lincoln Medical & Mental Health Center, Bronx, New York

March 1994 – July 1995

Staff Orthopaedic Surgeon

New York Hospital, Cornell University, New York, New York

August 1994 – July 1995

Trauma Fellowship

Hospital for Special Surgery, Cornell University, New York, New York

March 1994 – July 1994

Scoliosis Fellowship

Hospital for Special Surgery, Cornell University, New York, New York

August 1993 – February 1994

Reconstructive Spinal Surgery Fellowship

University of Florida, Gainesville, Florida

January 1993 – June 1993

Orthopaedic Residency

Royal Liverpool University Hospital, Liverpool, United Kingdom

January 1990 – December 1992

Orthopaedic Residency

Royal College of Surgeons of England, London, United Kingdom

February 1985 – December 1989

Orthopaedic Residency

B.Y.L.Nair Ch. Hospital, Bombay, India

THESES SUBMITTED

1. **"Transpedicular Screw Fixation for Thoracolumbar and Lumbar Spinal Disorders" - The Bombay Experience**
This Thesis was accepted to the *University of Liverpool* for the degree of **Mch.Orth. (1992)**.
2. **"Internal Fixation of Traumatic Spine - An analysis of various methods"**
This Thesis was accepted to the *University of Bombay* for the degree of **M.S.Orth. (1988)**
3. **"Harrington Rod Instrumentation" - A method of treatment for fractures and fracture-dislocations of dorso-lumbar and lumbar spine with neurological involvement.**
This Thesis was accepted to the *College of Physicians and Surgeons of Bombay* for the degree of **F.C.P.S.Orth. (1988)**

TEACHING CONFERENCES AND SYMPOSIA

COURSE DIRECTOR/CO-DIRECTOR/CHAIRMAN

1. Course Director, Fifth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Feb 3-4, 2006.
2. Course Director, Sixth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Mar 1-3, 2007
3. Chairman, Current Concepts in Spine, Los Angeles, CA, Dec 8, 2007
4. Course Director, Seventh Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Feb 1-3, 2008
5. Course Director, Eighth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 29-Feb 1, 2009
6. Course Co-Chairman, 4th Annual Course on Sharpening Your Surgery Skills, Burr Ridge, IL, May 15-16, 2009
7. Course Co-Chairman, Association of Presacral Spine Surgeons (APSS): Problems and solutions in adult scoliosis treatment: The role of Lumbosacral Fixation, New York, NY, January 2010
8. Course Co-Director, Ninth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Feb. 2-4, 2010
9. Course Chairman, Association of Presacral Spine Surgeons (APSS): Adult Complex Spine Workshop: Current Concepts in Lumbosacral Fixation, Las Vegas, NV, June 2010
10. Course Co-Director, Tenth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Feb. 3-5, 2011
11. Course Co-Director, 11th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Feb. 2-4, 2012
12. Course Director, Deformity Course, Tampa, FL, January 25-26, 2013
13. Course Co-Director, 12th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 31-Feb. 2, 2013
14. Course Chairman, SMISS, Las Vegas, NV, November 1-3, 2013
15. Course Co-Director, 13th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 30-Feb. 1, 2014
16. Course Co-Director, 14th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 30-Feb. 1, 2015

17. Course Director, Cedars-Sinai 15th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, February 4-6, 2016

18. Course Director, Cedars-Sinai 16th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, February 2-4, 2017

INVITED SPEAKER/FACULTY/MODERATOR

1. **Emerging Technologies in Spinal Surgery, Washington DC, October 2002**
Minimal Access to Spine Surgery Gas Assisted Laparoscopic ALIF
Panel Discussion Minimally Invasive Surgery

2. **Third Annual Symposium on Current Concepts in Spinal Disorders. La Quinta, CA, February 2004.**
Cantilever TLIF
Dynesys

3. **NASS Workshop on "Surgical Approaches and Techniques for the Lumbar Spine" St. Louis, Missouri, April 2004**
Open and Laparoscopic Approaches for ALIF.

4. **Spine Technology Education Group. Los Cabos, August 2004.**
Dynesys

5. **NASS, Chicago, Illinois, October 2004.**
TLIF Workshop

6. **Non-Fusion Technologies/"Soft Restraints", Practical Anatomy & Surgical Education, St. Louis, Missouri, November 2004.**
Posterior Interbody Fusion Techniques (Open PLIF and TLIF),

7. **AANA. Whistler, British Columbia, Canada, January 2005.**
Minimally Invasive Lumbar Fusion/Posterior Lumbar Interbody Fusion

8. **72nd American Association of Orthopedic Surgeons (AAOS) Annual Meeting. Wash., D.C., February 2005.**
Symposium: Anterior Thoracolumbar Spinal Surgery: Minimal and Maximally Invasive

9. **National Osteoporosis Foundation (NOF) 6th Int'l Symposium on Osteoporosis. Wash., DC, April 2005**
Vertebroplasty and Kyphoplasty

10. **North American Spine Society (NASS) Spring Break 2005 - Spring into Motion. BalHarbour, FL, April 2005.**

Dynesys

11. **Hands-on Cadaver Instructional Course, San Diego April 2005**
Instructor XLIF Training Course
Instructor Minimally Invasive TLIF Training Course
12. **Spine Trauma Study Group, New York, NY, April 2005**
Advances in Kyphoplasty
Alternatives to Cement Augmentation
13. **Posterior Dynamic Stabilization Instructional Course, Santa Monica, CA May 2005**
Case Presentations Dynesys
14. **IMAST Annual Meeting, Banff, Canada, July 2005**
Minimally Disruptive TLIF
Percutaneous Stabilization of Thoracolumbar Fractures
Kyphoplasty Workshop
15. **2nd Annual Innovative Techniques in Spine Surgery Symposium, Los Cabos, August 2005**
Dynesys
Instructor, Kyphoplasty Workshop
16. **Loma Linda Dept of Orthopaedic Annual Meeting, Mammoth Lakes, CA September 2005**
Posterior Dynamic Stabilization Dynesys
17. **Technologies in Spine Surgery, Washington DC, September 2005**
XLIF
18. **NASS Annual Meeting, Philadelphia, September 2005**
Instructor Dynesys Workshop
19. **American College of Rheumatology (ACR) National Meeting, San Diego, November 2005**
Orthopaedic Symposium, Advances in Orthopaedic Surgery Vertebroplasty and Kyphoplasty
20. **Hands-on Cadaver Instructional Course, San Diego, December 2005**
XLIF Training Course Instructor
Minimally Invasive TLIF Training Course Instructor
21. **IOACON 2005, Bombay, India. December 2005**
Minimally Invasive Fusion Surgery
Lumbar Disc Herniations
Dynamic Non-Fusion Technology
Microdecompression for Spinal Stenosis
XLIF
Cantilever TLIF
22. **Spine Trauma Study Group (STSG) Meeting, Vancouver, January 2006**
MRI Standards in Spine Trauma

23. **Fifth Annual Symposium on Current Concepts in Spinal Disorders. Las Vegas, Nevada, February 2006.**
 Dynesys: Dynamic Non-Fusion Stabilization
 Posterior Lumbar Artificial Disc Devices
 XLIF
 Cadaver Workshop: MAST TLIF, Thoracic Pedicle Screws
24. **72nd American Association of Orthopedic Surgeons (AAOS) Annual Meeting. Chicago, March 2006**
 Symposium: Anterior Thoracolumbar Spinal Surgery: Minimal and Maximally Invasive XLIF
25. **Scoliosis Association Meeting, La Jolla, April 2006**
 Posterior Non-Fusion Stabilization Dynesys
26. **1st Spine Technology Summit, Montreal, Quebec, Canada, May 2006**
 Faculty Panel Discussion on Posterior Dynamic Stabilization
27. **6th Spine Arthroplasty Society (SAS) Annual Meeting, Montreal, Quebec, Canada, May 2006**
 Instructional Course Posterior Non-Fusion Technology
28. **Global Spine 2006, Las Vegas, June 2006**
 The Role for Minimally Invasive Surgery in Spine Trauma
 Cadaver Workshop MAST TLIF
29. **3rd Annual Innovative Techniques in Spine Surgery Symposium, Los Cabos, June 2006**
 Dynesys
 Lytic Spondylolisthesis How I do it
 Neuromonitoring
30. **IMAST, Athens, Greece, July 2006**
 Moderator Spondylolisthesis Symposium
 Instructor ICL: Posterior Percutaneous Instrumentation for Spine Trauma
31. **NASS Annual Meeting, Seattle, September 2006**
 Trans1 Workshop
32. **"Contemporary Surgical Techniques in Spine Trauma", Phoenix, October 2006**
 The MRI & PLC: How it can Guide Treatment in T/L Trauma
 Debate: Cervical Fracture Dislocations
33. **Minimally Invasive Surgery of the Spine (SMISS) 2006, San Diego, November 2006**
 Moderator: Case Presentations
 Instructor: XLIF Workshop
34. **Dynesys Course and Workshop, Las Vegas, November 2006**
 Case Presentations Dynesys for DDD
35. **HSS Alumni Meeting, New York, November 2006**
 Debate: Posterior Non-Fusion Stabilization for DDD

36. **Globus Annual Sales Meeting, Tampa, January 2007**
Posterior Non-Fusion Stabilization for DDD
37. **Spine Trauma Study Group (STSG) Meeting, Denver, January 2007**
MRI to evaluate Cervical Discoligamentous Complex in Cervical Spine Trauma
38. **AANA. Whistler, British Columbia, Canada, January 2007.**
Instructor Dynesys Workshop
Faculty Adolescent Idiopathic Scoliosis Update
39. **One Spine Mtg Controversies in Spine Surgery, Cancun, February 2007**
Faculty Debate: Cervical Arthroplasty is the standard of Care
Faculty Debate: Fusion for Degenerative Spondylolisthesis
Faculty Debate: Posterior Non-Fusion Stabilization for DDD
Moderator & Instructor Minimally Invasive Techniques in Spine Trauma
Moderator & Instructor Posterior Dynamic Stabilization
40. **73rd American Association of Orthopedic Surgeons (AAOS) Annual Meeting. San Diego, February 2007**
Symposium: Anterior Thoracolumbar Spinal Surgery: Minimal and Maximally Invasive XLIF
41. **MAST Cadaver Workshop, Satellite Training Center, Marina Del Rey, CA. February 2007**
MAST TLIF
Thoracic Pedicle Screws
Direct Lateral Interbody Fusion
Posterior Dynamic Stabilization
Multilevel Percutaneous Pedicle Screw Fixation
42. **6th Annual Symposium on Current Concepts in Spinal Disorders. Las Vegas, Nevada, March 2007.**
Faculty Dynamic Non-Fusion Stabilization for Lumbar DDD
Faculty Posterior Lumbar Artificial Disc Devices
Faculty Lateral Artificial Disc Replacement
Faculty Fusion less Scoliosis Surgery in the Pediatric Spine
Faculty NeoDisc Cervical Artificial Disc Replacement
Faculty Multilevel Percutaneous Pedicle Screw Fixation
Moderator Posterior Dynamic Stabilization Symposium
Instructor Cadaver Workshop: MAST TLIF, Thoracic Pedicle Screws
43. **San Diego Spine Meeting, San Diego, CA. March 2007**
Faculty Posterior Non-Fusion Stabilization for Lumbar DDD
44. **2nd Spine Technology Summit, Berlin, Germany, May 2007**
Faculty Panel Discussion on Posterior Dynamic Stabilization
45. **7th Spine Arthroplasty Society (SAS) Annual Meeting, Berlin, Germany, May 2007**
Faculty Meet the Expert: Dynesys

46. **A Comprehensive Spine Review for Residents & Fellows, White Sulphur Springs, WV, May 2007**
 Faculty Pediatric Spinal Deformity
 Faculty Adult Spinal Deformity
 Faculty Congenital Spinal Disorders
47. **Spine Trauma Study Group (STSG) Meeting, Tampa, June 2007**
 Moderator Spinal Trauma Outcomes, breakout session
48. **City Wide San Diego Spine Conference, San Diego, June 2007**
 Guest Speaker Minimally Invasive Spine Surgery Update on the Science and Technology
49. **4th Annual Innovative Techniques in Spine Surgery Symposium, Los Cabos, June 2007**
 Faculty Round Table Discussion Dynesys
 Faculty Round Table, Vertebral Augmentation Kyphoplasty for Trauma
 Faculty Minimal Access Surgery, Nerve Surveillance for MIS applications
50. **IMAST (International Meeting for Advanced Spinal Technologies), Bahamas, July 2007**
 Moderator Cervical and Lumbar Arthroplasty
 Early Bird Round Table Case Discussion Panel Lumbar Spine Challenges
 Instructor: Advanced Topics in MAST, Multilevel Percutaneous Pedicle Screw Instrumentation for Degenerative Scoliosis
 Instructor AxiaLIF: Advanced Techniques and Indications in Complex Lumbar Spine
51. **World Spine IV: Fourth Interdisciplinary Congress on Spine Care, Istanbul, Turkey, July 2007**
 Faculty Symposium: Advances in the Treatment of Thoracolumbar Scoliotic Deformity, Minimally Invasive Posterior Correction Procedures
 Faculty Symposium: Minimally Invasive Spinal Surgery, Posterior Thoracolumbar Minimally Invasive Strategies
52. **SINCOL: SIMPOSIO INTERNACIONAL DE COLUNA, Rio De Janeiro, Brazil August 2007**
 Guest Speaker Cervical Disc Arthroplasty will be the Standard of Care in the Future
 Faculty Dynesys for degenerative disc disease
 Faculty Dynesys, Complications and How to avoid them
 Faculty PEMF for Cervical Spine Fusion, results of a prospective randomized trial
53. **Congress of Neurological Surgeons Workshop, San Diego, Sep 2007**
 Faculty CD Horizon Longitude Training,
54. **Congress of Neurological Surgeons Workshop, San Diego, Sep 2007**
 Faculty Minimally Invasive Multilevel Percutaneous Instrumentation for Trauma and Complex Deformity,
55. **The Leaders in Spine Surgery Series, Advanced Decision Making with Emphasis on Posterior Solutions, Las Vegas, Oct 2007**
 Panel Lumbar and Cervical Degenerative Case Discussions

Instructor Cadaver Workshop

56. **NASS Annual Meeting, Austin, October 2007**
Faculty: Trans1 Workshop L5-S1 Minimally Invasive Fusion at the End of Long Scoliosis Constructs
57. **Visiting Professor, China, November 2007**
L5-S1 Minimally Invasive Fusion at the End of Long Scoliosis Constructs, MAST, TLIF
Huashan Hospital, Shanghai, November 5, 2007
2nd Hospital of ZJ Medical School, Hangzhou, November 6, 2007
Zhongda Hospital, Nanjing, November 7, 2007
58. **Chinese Orthopedic Association Meeting, Zhengzhou, China, November 2007**
Key Note Speaker - Posterior Motion Segment Stabilization
59. **Minimally Invasive Surgery of the Spine Annual Meeting, San Diego, Nov. 2007**
Faculty Posterior Motion Segment
60. **Current Concepts in Spine Surgery, Los Angeles, December 2007**
Course Chair Posterior Dynamic Stabilization
Posterior Lumbar Disc Arthroplasty
61. **Visiting Professor, Apollo Hospital, Chennai, India, January 2008**
The State of Minimally Invasive Spine Surgery
62. **17th Annual Dr. Tom Lowe Spine Symposium: The Surgical Management of Spinal Disorders, Beaver Creek, January 2008**
Faculty Lumbar Degenerative Disc Disease Indications and Surgical Options
Faculty Lumbo-Sacral Fixation Challenges and Complications
Faculty Lumbar Degenerative Disorders Approach Options: MIS vs. Open
Faculty TL Trauma Challenges and Complications
63. **APSAS Annual Meeting, Seoul, Korea, January 2008**
Faculty Symposium Indications for Posterior Dynamic Stabilization
Free Paper Minimally Invasive Percutaneous Multilevel 360 degree Fusion for Lumbar Degenerative Scoliosis a Feasibility Study
64. **APEC Current Techniques in Advanced Spine Care, Memphis, January 2008**
Faculty MAST TLIF Overview
CD Horizon Longitude Multilevel Percutaneous Fixation
Direct Lateral Interbody Fusion Technique
Overview of Neuromonitoring
65. **Selby Spine Society Meeting, Park City, UT, January 2008**
Faculty Minimally Invasive Correction and Fusion for Adult Scoliosis
66. **Seventh Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, February 2008**
Course Chair
Faculty Multilevel Percutaneous Pedicle Fixation for Spine Trauma
Faculty Dynesys What Have We Learned?

Faculty Stabilimax NZ
Faculty Multilevel Percutaneous 360 Degree Fusion for Adult Degenerative Scoliosis
Faculty Cervical ADR Will Become the Standard of Care Cervical ADR Debates
Moderator Lumbar ADR Debates: Reality & Controversy
Instructor Saw Bones Workshop: Longitude Fusion System, Prestige Cervical Artificial Disc

67. ONE Spine Controversies in Spine Surgery, Cancun, February 2008

Faculty Cervical Best Treatment Options
Aging Spine Options for Sustained Fixation and MIS Treatments
The Lumbar Spine: Best Treatment Options

68. Winter Spinal Clinics, Cranial and Spinal Surgery, Snow Mass, CO, February 2008

Faculty Extreme Lateral Interbody Fusion (XLIF) for Scoliosis
Minimally Invasive L5-S1 Fusion and Correction for Adult Scoliosis

69. Minimally Invasive Deformity Course, Oakland CA, March 2008

Faculty MIS TLIF
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation

70. Stabilimax NZ Surgeon Training, Dallas, TX, April 2008

Faculty Technique, Pearls & Tips, Case Presentation

71. MAST Deformity Focus Group Meeting, Memphis, TN, April 2008

Faculty Minimally Invasive Adult Degenerative Scoliosis
Faculty MIS TLIF
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation

72. Minimally Invasive Deformity Course, Denver, CO, April 2008

Faculty MIS TLIF
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation

73. Minimally Invasive Deformity Course, in conjunction with AANS Annual Meeting Chicago, IL , April 2008

Faculty MIS TLIF
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation

74. 3rd Spine Technology Summit, Miami, FL, May 2008

Faculty Panel Discussion on Cervical Total Disc Replacement
Panel Discussion on The Aging Patient Revolution in Spine Care
Presenter Dynesys Dynamic Stabilization
Presenter Triumph TDR

75. 8th Spine Arthroplasty Society (SAS) Annual Meeting, Miami, FL, May 2008

Faculty Moderator Innovative Technologies
Presenter: Novel Minimally Invasive Percutaneous Multi-Level 360 Degree Fusion for Lumbar

Degenerative Scoliosis Feasibility, Technique and Early Results

Presenter: Dynamic Stabilization and Indications in Back Pain; Stabilimax NZ Clinical Inv. Meeting

Presenter: Trans1 AxiaLIF. A Novel Fusion Technique. Instructional course presented for Trans1

76. SRS/AAOS Current Trends & Treatment Methods in Pediatric and Adult Spinal Deformity, Dallas, TX, May 2008

Faculty Presenter: Multilevel Percutaneous 360 Degree Fusion for Adult Degenerative Scoliosis

77. 1st World Congress of Minimally Invasive Spine Surgery and Techniques, Honolulu, HI, June 2008

Faculty Presenter: Pre-Course Discussion on Posterior Dynamic Stabilization and Dynesys

Presenter: Minimally Invasive Deformity Correction

Presenter: Symptomatic Adjacent Disease

Presenter: Pedicle Based Dynamic Stabilization

78. 5th Innovative Techniques in Spine Surgery, Los Cabos, Mexico, June 2008

Faculty Presenter: Posterior Non-Fusion Devices; Stabilimax NZ and Dynesys

Presenter: Posterior Disc Replacement; Transforaminal Disc

Presenter: Minimally Invasive Surgery; Nerve Surveillance for MIS applications

79. IMAST (International Meeting for Advanced Spinal Technologies), Hong Kong, July 2008

Faculty Moderator: Session #1 Cervical and Lumbar Arthroplasty Early Bird Round Table Case Discussion

Panel Lumbar Spine Challenges

Instructor: MAST, Multilevel Percutaneous Pedicle Screw Instrumentation for Degenerative Scoliosis

Instructor: AxiaLIF: Advanced Techniques and Indications in Complex Lumbar Spine

80. Western Spine Symposium, San Diego, CA, August 2008

Faculty Moderator: Surgical Options for Low Back Pain

Presenter: In 2010 what would you do?

Presenter: Multilevel Percutaneous 360 Degree Fusion for Adult Degenerative Scoliosis

81. Minimally Invasive Deformity Course, St Louis, MO, August 2008

Faculty MIS TLIF,

Direct Lateral Interbody Fusion,

CD Longitude Multilevel Percutaneous Fixation

82. First Brazilian Congress of Minimally Invasive Spinal Surgery and Techniques, Gramado, Brazil Aug. 2008

Faculty Presenter: Surgical Treatment of Vertebral Compression Fractures

Presenter: Multilevel Percutaneous 360 Degree Fusion for Adult Degenerative Scoliosis

Debater: Degenerative Disease Lumbar II

Presenter: Pedicle Based Stabilization What Have We Learned?

83. DIAM Clinical Investigators Meeting OUS Clinical Trial, Nice, France September 2008

Invited Speaker: US Experience DIAM vs. Microdecompression

84. 1st Inaugural Association of Presacral Spine Surgeons Meeting, Las Vegas, NV, October 2008

Faculty Presenter: AxiaLIF for Adult Deformity

85. **NASS Annual Meeting, Toronto, October 2008**
Faculty: Trans1 Workshop L5-S1 Minimally Invasive Fusion at the End of Long Scoliosis Constructs
86. **Emerging Techniques and Technologies in Spine Surgery, Toronto, Canada, November 2008**
Faculty: Trans1 Workshop L5-S1 Minimally Invasive Fusion at the End of Long Scoliosis Constructs
87. **Society of Minimally Invasive Spine Surgeons Annual Meeting, Las Vegas, NV, November 2008**
Faculty: Multilevel Percutaneous 360 Degree Fusion for Scoliosis
88. **Minimally Invasive Deformity Course, Scottsdale, AZ, December 2008**
Faculty MIS TLIF,
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation
89. **Presacral Fusion L5-1 Surgeon Training Course, New Orleans, LA, December 2008**
Faculty Trans1 AxiaLIF
90. **18th Annual Dr. Tom Lowe Spine Symposium: The Surgical Management of Spinal Disorders, Beaver Creek, January 2009**
Faculty Lumbar Degenerative Disc Disease Indications and Surgical Options
Faculty Lumbo-Sacral Fixation Challenges and Complications
Faculty Lumbar Degenerative Disorders Approach Options: MIS vs. Open
Faculty TL Trauma Challenges and Complications
91. **Eighth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, January 2009**
Course Chair
Faculty Multilevel Percutaneous Pedicle Fixation for Spine Trauma
Faculty Dynesys What Have We Learned?
Faculty Multilevel Percutaneous 360 Degree Fusion for Adult Degenerative Scoliosis
Moderator Lumbar ADR Debates: Reality & Controversy
92. **Presacral Fusion L5-1 Surgeon Training Course, Park City, UT, February 2009**
Moderator /Faculty Trans1 AxiaLIF
93. **Winter Spinal Clinics, Cranial and Spinal Surgery, Snow Mass, CO, February 2009**
Faculty Minimally Invasive L5-S1 Fusion and Correction for Adult Deformity
94. **Minimally Invasive Deformity Course, Denver, CO, March 2009**
Faculty MIS TLIF,
Direct Lateral Interbody Fusion,
CD Longitude Multilevel Percutaneous Fixation
95. **Preservation of Motion in the Spine, Duck Keys, FL, April 2009**
Faculty Preservation of Motion in Lumbar spine
96. **Spine Arthroplasty Society (SAS) Annual Meeting, London, UK, April 2009**
Faculty Master Techniques in Minimally Invasive Spine Surgery; MIS Radiographic Anatomy.
Moderator Percutaneous Techniques

97. **WENMISS** Kota Kinabaul, Malaysia, May 21-23, 2009
 Faculty: Rationale and Methods of Minimally Invasive Spine Surgery in Treatment of Spinal Deformity
 Fusion of L5/S1 using AXILIF technique
 Overview of Current Methods of Diagnosis of Disc Degeneration and Low Back Pain
 Scoliosis – Case Presentation
 Percutaneous Stabilization and Selective Fusion for Ankylosing Spondylitis and DISH
 Rationale of AXILIF Concept – Overview and Results
 Minimally Invasive Posterior Pedicle Based Non-Fusion Stabilization
98. **4th Annual Course: Sharpening Your Spine Surgery Skills, Burr Ridge, IL, May 15-16, 2009**
 Course Co-Chairman
 Moderator: Lumbar Spine: Minimally Invasive Adult Degenerative and Deformity Correction
 Faculty: Current and Emerging Minimally Invasive Posterior Techniques
 Surgical Video: Lumbar Percutaneous Screw Placement
99. **IMAST (International Meeting for Advanced Spinal Technologies), Vienna, Austria, July 2009**
 Faculty Anterior Surgery for Adult Deformities: How do Lateral Approaches Change our Treatment Strategies in this Population?
100. **SINCOL: SIMPOSIO INTERNACIONAL DE COLUNA, Rio De Janeiro, Brazil July 2009**
 Faculty: Minimally Invasive Fusion of L5-S1 at the end of long fusions.
 Minimally Invasive Correction of Scoliosis
 Posterior Non-fusion stabilization What we know today
 Kyphoplasty / Vertebroplasty The differences and result
101. **Complex Spine Study Group Meeting (CSSG), Washington DC, August 7, 2009**
 Faculty: MIS Deformity Applications
102. **Presacral Fusion L5-1 Surgeon Training Course, Indianapolis, IN, September 2009**
 Faculty Trans1 AxialLIF
103. **MAST Direct Lateral Interbody Fusion Technique Course, Denver, CO, September 2009**
 Faculty Lateral Anatomy and Physiology Review
104. **2nd Annual Symposium Association of Presacral Spine Surgeons, Las Vegas, October 2009**
 Faculty Clinical Results of 18 Month Deformity Study
105. **Annual Meeting of the Society for Minimally Invasive Spine Surgery, Las Vegas, October, 2009**
 Faculty Technology Forum: Lumbar Spinal Stenosis Treatment Options
 Presentation: Direct Lateral Interbody Fusion Technique
106. **6th Annual Meeting Innovative Techniques in Spine Surgery, Scottsdale, AZ, October 2009**
 Faculty Posterior dynamic stabilization: Indications and Results
 Oxygenated Scaffolds
 MIS Applications for Trauma
 Moderator MIS Round Table Discussion / Faculty AxialLIF Clinical Results

107. **NASS 24th Annual Meeting, San Francisco, CA, November 2009**
 Faculty Advances in the Surgical Treatment of Acute Spine Trauma Course:
 Minimally Invasive Stabilization of TL Fractures
 Critical Concepts in Adult Deformity Surgery Course: Minimally Invasive Deformity
 Correction: Anterior and/or Posterior Approaches
 DLIF Workshop
 Trans1 Workshop
108. **Complex Spine Study Group (CSSG) San Diego, CA, January 2010**
 Faculty Debate: MIS vs. Open Procedure for Adolescent Scoliosis
109. **Association of Presacral Spine Surgeons (APSS): Problems and solutions in adult scoliosis treatment:
 The role of Lumbosacral Fixation, New York, NY, January 2010**
 Faculty Clinical Data Presentation
 Faculty Clinical Data Panel Discussion
110. **MAST Direct Lateral Interbody Fusion Technique Course, Scottsdale, AZ, January 2010**
 Faculty Lateral Anatomy and Physiology Review
111. **Ninth Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, February 2010**
 Course Co-Chair
 Moderator Minimally Invasive Innovative Technologies
 Faculty MIS for Spine Trauma

Moderator: Deformity and Trauma
Faculty: New Technology and Advanced Techniques

137. **Decision Making Strategies for Complex Degenerative Conditions Course; New Orleans, LA, October 2011**
Faculty Minimally Invasive Options: Treatment options, Surgical Pearls on Procedures
138. **NASS (North American Spine Society) 26th Annual Meeting, Chicago, IL, November 2011**
Lab Course: Minimally Invasive Spine Surgery Hands-on Course
Faculty MIS: Complication Review and Avoidance
Trauma: Thoracolumbar Fractures & Dislocations: Indications for Open vs. MIS
139. **Spine Fellow Live Course, IEP; Miami, FL. November 18, 2011**
Moderator Deformity and Trauma
Faculty Role of Motion Preserving Reconstruction
Degenerative Lumbar Scoliosis
140. **21st Annual Tom Lowe Spine Symposium: The surgical Management of Spinal Disorders, Beaver Creek, CO Jan 13-16, 2012;**
Faculty What is the role of MIS for deformity now?
When should we do traditional method vs. MIS?
What is the 2-5-year follow-up with rigorous assessment of implant complications and non-union?
Faculty Minimally invasive surgery in the elderly: Increasing safety or increasing risks?
Panel Adult Deformity I, Adult Deformity II, MIS techniques, Aging Spine
141. **Spine on the Mountain: Innovation Meets Practice, Vail, CO, January, 2012**
Faculty MIS for Spinal Deformity: Can We Get Optimal Sagittal Plane Correction?
Lumbar Multilevel Degeneration
When Does a Lumbar Degenerative Case Become a Deformity?
Adult Deformity
142. **11th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, February 2012**
Course Co-Chair
Moderator: Frontier Technologies
Faculty: Deformity: Minimally Invasive Correction of Severe (>50%) Thoracolumbar Scoliosis
143. **Winter Spinal Clinics, Cranial and Spinal Surgery, Snow Mass, CO, February, 2012**
Faculty: Minimally Invasive Lumbosacral Fixation with AxiaLIF at the Bottom of Long Constructs in Adult Spinal Deformity
144. **ISASS 12 (Int'l Society for the Advancement of Spine Surgery), Barcelona, Spain, March, 2012**
Moderator: Minimally Invasive Surgery
145. **Current Solutions in Spine Surgery, Duck Keys, FL, April 17-21, 2012**
Faculty: Minimally Invasive AxiaLIF for Anterior Column Support in Long Segment Constructs: Minimum 1 year Functional and Clinical Outcomes

- 146. Dubai Spine Masters: Complex Spine Reconstruction & Deformity Management Strategies, Dubai, UAE. May 6-8 2012**
 Moderator: Adult Deformity MIS Techniques
 Moderator: Case Presentation: Minimally Invasive Technique for Adult Deformity Case
 Faculty: Minimally Invasive Techniques for Adult Deformity Correction with Focus on Direct Lateral Techniques
 Faculty: Management of Degenerative Spinal Stenosis and Spondylolisthesis: Role for MIS
 Debate: Best Treatment for Degenerative Spondylolisthesis Is Interbody Fusion
 Debate: Moderate Deg. Scoliosis in an Elderly Patient. The Safest and Best Procedure Is Minimally Invasive
 Video Case presentation: MIS Fusion Techniques
 Panel: Ideal Image Guidance Case. Is Image Guidance Really Better?
- 147. SMISS Course: Advances in MIS, Miami, FL. May 19, 2012**
 Faculty: AxiaLIF: Indications, technique and outcomes
 Lab: AxiaLIF
- 148. Innovative Techniques in Spine Surgery: Carlsbad, CA, June 21-23, 2012**
 Faculty: AxiaLIF+: The next generation of lumbosacral fusion
 Faculty: Minimally invasive approaches to spinal trauma
 Faculty: VEO Lateral Access System: Seeing is Believing
 Debate: Surgical Management of symptomatic lumbar degenerative scoliosis: Open full-curve deformity correction is optimum;
- 149. AANS Course: Minimally Invasive Lateral Interbody Fusion, Chicago, IL June 29-30, 2012**
 Faculty: Minimally Invasive Lateral Retroperitoneal Transpsoas Approach: Complications and Avoidance
- 150. 19th IMAST (International Meeting for Advanced Spinal Technologies), Istanbul, Turkey, July 2012**
 Faculty: Minimally Invasive Lateral and Trans-Sacral Techniques for Deformity Correction
 Debate: Optimal Treatment of Moderate (30-Degree) Thoracolumbar Scoliosis with Stenosis in 70-Year-Old
 Workshop: MIS Approaches for the Complex Spine
- 151. Spine Across the Sea, Kauai, Hawaii, July 29-Aug 2, 2012**
 Moderator: Best Poster Presentations
 Faculty: Minimally Invasive Lateral Access to the Lumbar Spine
- 152. Scoliosis Research Society (SRS) 47th Annual Meeting, Chicago Sept 5-8, 2012**
 Faculty: Direct lateral approaches in lumbar scoliosis
 MIS Pelvic fixation techniques
 Degenerative lumbar curve requiring decompression and interbody fixation
- 153. Annual Meeting of the Society for Min. Invasive Spine Surgery (SMISS), Miami, FL, Sept, 2012**
 Debate: MIS Deformity; Fixation to Pelvis: MIS Presacral Approach is Best Option
 Workshop:

154. **NASS (North American Spine Society) 27th Annual Meeting, Dallas, TX, October 24-27, 2012**
Faculty: Minimally Invasive Spine Surgery Hands-on Course: LLIF
155. **Spine Fellow Live Course, IEP; San Diego, CA. November 16-18, 2012**
Faculty: MIS Approaches to Deformity and Trauma
Low Back Pain with DDD: Role of Motion Preserving Reconstruction
156. **Deformity Course, Tampa, FL, January 25-26, 2013**
Course Director
Faculty: Surgery workshop
157. **12th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 31-Febr 2 2013**
Course Co-Chair
Moderator: Controversies in Spine Surgery
Faculty: The Challenges and Controversies in MIS Correction of Spinal Deformity
158. **Winter Clinics, Cranial and Spinal Surgery, Snow Mass, CO February 24-26, 2013,**
Faculty: Complications: MIS Lateral Transpoas Approach Complications and Avoidance
Faculty: Emerging Treatments: Circumferential MIS Strategies for the Correction of Moderate to Severe Adult Scoliosis (>50 degrees)
159. **ISASS (Int'l Society for the Advancement of Spine Surgery) Annual meeting, Vancouver, Canada, April 3-5, 2013**
Moderator: Cervical Arthroplasty - Oral Posters
160. **LSRS – Lumbar Spine Research Society 6th annual meeting Chicago, IL, April 11-12, 2013**
Faculty: MIS for Deformity Correction
161. **Ganga Hospital Operative course, Coimbatore, India, April 25-28, 2013**
Faculty: Surgery workshop
162. **SMISS Cadaver Lab, Miami, FL, May 18, 2013**
Faculty: Surgery workshop
163. **Deformity Correction Course, Tampa, FL, June 7, 2013**
Faculty: Surgery workshop
164. **Spine Technology and Educational Group Organization 10th Annual Symposium “State of Spine Surgery: A Think Tank”, Cabo, Mexico, June 20-22, 2013**
Panelist in case presentations
Faculty: MIS treatment of degenerative scoliosis
165. **AOSpine Master Deformity Course, Dubai, UAE, September 28-30, 2013**
Lectures in:
Adult Scoliosis – Case Presentation
Minimally Invasive TLIF
Direct Lateral Interbody Fusion

MIS Screw Rod Placement
Developmental Kyphosis
Pediatric Scoliosis – Case Presentation
Spinal-Pelvis Fixation Update
Degenerative Scoliosis Sagittal and Coronal Balance
Severe Adult Idiopathic Scoliosis – Case Presentation
VCR for Severe Scoliosis
Is Anterior Surgery Necessary?

166. AOSpine Webinar; Minimally Invasive Spinal Surgery and Navigation – MIS Basics, Oct 2, 2013

Faculty: The Evidence - MIS Fusion Comparative Effectiveness
Faculty: MIS – Case Presentation

167. 2013 Midwest Deformity Peer to Peer Course, Chicago, IL, October 25-26, 2013

Panel: Pseudoarthrosis in Adult Deformity: How I have dealt with it.
Panel: De-Rotation is AIS: How I do it
Panel: Sacro-Pelvic Fixation: What went wrong?
Faculty: Adult Idiopathic Scoliosis – Case Presentation
Faculty: Worst Case – Case Presentation

168. Annual Meeting of the Society for Min. Invasive Spine Surgery (SMISS), Las Vegas, NV, Oct 2013

Course Director
Faculty: Limitations of MIS Techniques for Correction of Spinal Deformity
Faculty: Complications and Reality of MIS Lateral Approach

169. WENMISS, New Delhi, India, November 7, 2013

Faculty: DLIF complications
Faculty: MIS strategies for Degenerative Scoliosis
Faculty: DLIF Technique

170. 7th Annual MIS and Navigation Course, NYCMIS Course, New York, NY, Dec 12-14, 2013

Faculty: Long Term MIS Results for Scoliosis
Faculty: Trans Sacral Axial LIF Fusion
Panel: MIS debate

171. 23rd Annual Tom Lowe Spine Symposium: The surgical Management of Spinal Disorders, Beaver Creek, CO Jan 17-20, 2014

Workshop: Motion Preservation vs. Fusion for Spinal Stenosis

172. 13th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, Jan 30-Feb 1, 2014

Course Co-Director
Moderator: Minimally Invasive Surgeries & New Technologies
Moderator: Lumbar Spine and Deformities
Faculty: Limitations and Ceiling Effects of MIS Deformity Correction

173. 2014 Winter Clinics, Cranial and Spinal Surgery, Snow Mass, CO, February 23-24, 2014,

Faculty: MIS Correction of Spinal Deformity: Long Term Results (2 to 5 Years)

174. **1st Annual SMISS Contemporary Techniques for Minimally Invasive Spinal Surgery, St. Louis, MO, Mar 28-29, 2014**
 Faculty: MIS for Selected Deformity Applications
 Faculty: Workshop
175. **Current Solutions in Spine Surgery, Duck Key, FL, April 2-5, 2014**
 Faculty: Complications for MIS
 Faculty: Surgical Strategies for corrections of Scoliosis – Long Term Outcomes
 Faculty: Management of Degenerative Spondylolisthesis and Spinal Stenosis – Role of MIS
176. **ISASS (Int'l Society for the Advancement of Spine Surgery) Annual meeting, Miami, FL, Apr 30-May 2, 2014**
 Faculty: Adult Scoliosis MIS – case presentation
177. **PUMCH Annual Spine Conference, Beijing, China, May 23-25, 2014**
 Key Note Speaker
 Faculty: Evolution of MIS Strategies for Correction of Adult Spinal Deformity – 10-year experience
 Faculty: Complications and Avoidance Strategies in MIS Correction of Spinal Deformity
178. **Spine Technology and Educational Group Organization 11th Annual Symposium State of Spine Surgery: A Think Tank, Cabo, Mexico, June 26-28, 2014**
 Faculty: MIS Lateral Approach; L3-4-5 stenosis with mild scoliosis, Lateral anatomic plexus constrains
 Faculty: Spinal Sagittal Balance: Role of anterior surgery in deformity surgery
179. **21st IMAST (International Meeting for Advanced Spinal Technologies), Valencia, Spain, July 16-19, 2014**
 Workshop: Minimizing Post-Op Complications and Maximizing Correction in Lateral Procedures
180. **Annual Meeting of the Society for Min. Invasive Spine Surgery (SMISS), Miami, FL, Sept 19-21, 2014**
 Moderator: Applying MISS in Treating Various Patient Types: Patients with Deformities
 Moderator: Controversies – Free Papers
 Workshop: Clinical and Economic Justification for Treating Elderly Adult Deformity with MIS
181. **Castellvi Spine Meeting, Duck Keys, FL, May 2015**
 Debate: L4-5 Spondylolisthesis discussing Lateral Transpsoas vs TLIF.
182. **Spine Technology and Educational Group Organization, 12th Annual Symposium, Los Cabos, Mexico, June 18-20, 2015**
 Faculty: Cervicothoracic Deformity – Do MIS techniques have a role?
 Faculty: Discussion-MIS: What I've Learned and What the Future Holds.
 Moderator: Case-Based Lecture: Rod bending: Art or science?
183. **Sixth annual ONE Spine Residents & Fellows Course, Seattle, WA, August 14-16, 2015**
 Faculty: Minimally Invasive Surgery for Spine Fractures
184. **Annual Meeting of the North American Spine Society (NASS), Chicago, IL, October 14-17, 2015**
 Faculty: Hands-On Course: Minimally Invasive Spine Surgery; Percutaneous Fixation Techniques: Pedicle, Cortical, Iliac

185. **MISSICON – Minimally Invasive Spine Surgeons of India**
 Faculty: Live Surgery – Demonstration of MIS-TLIF
 Faculty: Posterior MIS stabilization techniques in TL trauma
 Faculty: My Best MIS Case & My Worst MIS Case
 Faculty: The evolution of minimally invasive spine surgery in the treatment of adult spine deformity – A ten-year experience.
 Faculty: Complications and avoidance strategies to prioritize safety in the MIS treatment of adult spinal deformity.
 Faculty: Managing instrumentation failure in MIS
 Debate: L4-5 Stenosis with Spondylolisthesis
186. **International Forum of Minimally Invasive Spine Surgery, Shanghai, China, October 30 – November 1, 2015**
 Faculty: Current status of MISS for degenerative scoliosis.
 Faculty: Case Discussion: Tips and Tricks – Most Challenging Cases for MISS.
 Faculty: Case Discussion: Worst Experience of MISS – complications and management
187. **Annual Meeting of the Society for Minimally Invasive Spine Surgery (SMISS), Las Vegas, NV, November 5-7, 2015**
 Debate: MISS vs. Open for Spinal Deformity
 Faculty: Discussion Panel, Expert Case Discussions; Deformity and Revision
188. **9th New York City Minimally Invasive Spine and Navigation Course: “Case-Based and Hand-On”, New York, NY, December 17-19, 2015**
 Faculty: Step-by-Step: OLIF
 Faculty: Cadaver Lab
189. **19th Annual Selby Spine Conference, Park City, UT, January 14-16, 2016**
 Faculty: MIS techniques for sagittal plane correction in adult degenerative deformity
190. **Cedars-Sinai 15th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, February 4-6, 2016**
 Course Director
 Moderator: Minimally Invasive Surgeries
 Faculty: Deformities: The pros and cons of a staged surgical protocol in the circumferential MIS correction of adult spinal deformity – 10-year experience
 Moderator: The art of Spine Surgery
 Faculty: New Technologies – Minimally invasive cervical facet fusion
191. **2016 Winter Clinics for Cranial & Spinal Surgery, Snowmass, CO, February 21-25, 2016**
 Faculty: Influence of Lordotic and hyperlordotic lateral cages on the actual lordosis achieved at each segmental level.
192. **Minimally Invasive Fusion Cadaveric Workshop and Symposium, Sydney Australia, February 26-27, 2016**
 Faculty: History and Overview of Minimally Invasive Procedures and Techniques
 Faculty: Minimally Invasive Trauma Techniques - Indications, patient Profiles, Advantages and Disadvantages, Surgical Technique and Cases

Faculty: Minimally invasive deformity Techniques – Indications, patient Profiles, Advantages and Disadvantages, Surgical Technique and Cases

Faculty: Thoracic Access and Lateral Fusion - Indications, patient Profiles, Advantages and Disadvantages, Surgical Technique and Cases

Faculty: Cadaver Lab

193. Skull to Sacrum, Jersey City, NJ, March 31-April 2, 2016

Faculty: Case Discussion Breakouts - Minimally invasive

Moderator: Live Surgery, T10-Pelvis with PSO and OLIF procedure

Faculty: Video Surgery: MAST Deformity Correction

Faculty: Hands on Workshop, Cadaver Lab

194. The International Society for the Advancement of Spine Surgery (ISASS), Las Vegas, NV, April 6-8, 2016

Faculty: Symposium: Minimally invasive correction of adult spinal deformity – Circumferential MIS correction of ASD

Faculty: Symposium: New Technologies – Hype or incremental value? LLIF for degenerative spondylolisthesis

195. SpineWeek, Singapore, May 16-20, 2016

Chairman: ISASS

Moderator: ISASS Abstract Session I

Moderator: ISASS Abstract Session II

Faculty: ISASS Case Discussion: L4-5 Grade 1 degenerative spondylolisthesis with stenosis Back (50%) and leg pain (50%) – MIS TLIF

Faculty: Asia Pacific Spine Society – MIS adult spinal deformity surgery: Is it better?

196. Operative Spine Forum, Mumbai, India, May 23-24, 2016

Faculty: Live Surgery – MIS TLIF

Faculty: Symposium – MIS TLIF

Faculty: Debate – Dynamic stabilization vs. Fusion

Faculty: Live Surgery – Direct Lateral Interbody Fusion

Faculty: Symposium – Longitude 2

Faculty: Panel Discussion – Tube vs. Endoscopic spine decompression

197. 23rd IMAST (International Meeting for Advanced Spinal Technologies), Washington, D.C., July 13-16, 2016

Moderator: Novel Treatment Techniques in Spinal Deformity

Faculty: Novel Treatment Techniques in Spinal Deformity; Case Presentations and Panel Discussion

Moderator: Two-Minute Point Presentations

Faculty: Early and late reoperation rates and etiologies are similar between cMIS and HYB techniques for ASD correction

Faculty: How does case type, LOS and Comorbidities affect Medicare DRG reimbursement for Minimally Invasive Surgery (MIS) deformity?

Moderator: Emerging Technologies in Spine Surgery

198. Annual Forum for the Society for Minimally Invasive Spine Surgery (SMISS), Las Vegas, NV, October 13-15, 2016

Moderator: Free Papers

Does Concave versus Convex Approach Matter When using Lateral Lumbar Interbody Fusion for Adult Scoliosis?

Treatment of the Fractional Curve with Circumferential Minimally Invasive (cMIS) Interbody versus Open Surgery without Interbody Fusion: An Analysis of Surgical Outcomes

Impact of Multi-Level Interbody Fusion in the Treatment of Severe Adult Scoliosis (Thoracolumbar Coronal Cobb Angle > 50 Degrees)

Single-position Lateral Lumbar Interbody Fusion and Percutaneous Pedicle Screw Fixation Allows for Adequate Correction of Spinal Sagittal Imbalance

Endoscopic Percutaneous Discectomy does not Decrease Complications, Re-admission, or Length of Stay in 522 Patients

Comparison of Results between Percutaneous Transforaminal Endoscopic Discectomy and Posterior Microendoscopic Discectomy for Lumbar Disc Herniation: A Report of over 1000 Cases and up to 4 Years Followup

Efficacy of an Outpatient Minimally Invasive Decompression Spine Surgery via Laminotomy and Foraminotomy

199. International Society for the Advancement of Spine Surgery (ISASS) Deformity Course, Baltimore, MD, November 4-5, 2016

Course Co-Chair, Faculty: Sagittal Balance and Junctional Spine Master Course

200. Cedars-Sinai 16th Annual Symposium on Current Concepts in Spinal Disorders, Las Vegas, NV, February 2-4, 2017

Course Director

Faculty: Common Spine Debates

Faculty: 50 degree Adult Thoracolumbar Scoliosis with Sagittal Imbalance: CMIS is Optional in the Future

Faculty: Deformities

201. 2017 The Winter Clinics for Cranial & Spinal Surgery, Snowmass, CO, February 26- March 2, 2017

Faculty: Are Posterior Column Osteotomies Really Necessary for Sagittal Balance in the Management of Primary Adult Spinal Deformity?

202. International Society for the Advancement of Spine Surgery (ISASS) Annual Meeting, Boca Raton, FL, April 12-14, 2017

Faculty: Values and Outcomes in Spine Surgery

203. Operative Spine Forum, Mumbai, India, May 2-9, 2017

International Faculty

XLIF Technique

Percutaneous pedicle screw technique

Operative Spine Forum – OT List; TLIF or Cervical Disc

204. Castellvi Spine Meeting, Duck Key, FL, May 10-14, 2017

Moderator: Lumbar Case Presentation; Point/Counterpoint

Moderator: Deformity Case Presentations

Faculty: Anterior Column Reconstruction

205. Spine Masters' Surgical Techniques Course, St. Louis, MO, May 18-20, 2017

Faculty: Surgical Strategies for Treating Spinal Disorders

INTRAMURAL LECTURES AND CONFERENCES

1. Current update and concepts in burst fractures. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, June 4, 2003.
2. Dynamic stabilization: a conceptual revolution. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, June 18, 2003.
3. Stabilization for degenerative disc disease: fusion and non-fusion techniques. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Back Pain Conference, Los Angeles, CA, June 14, 2003.
4. Thoracic pedicle screws. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, March 24, 2004.
5. Non-fusion spinal instrumentation technologies. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, May 12, 2004.
6. Motion preservation in spinal surgery. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, January 26, 2005.
7. Posterior non-fusion stabilization with Dynesys: beyond the IDE study. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, August 17, 2005.
8. Beat back pain and save your spinal motion: surgery without fusion. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Back Pain Conference, Los Angeles, CA, August 20, 2005.
9. Beat back pain and save your spinal motion: surgery without fusion. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Back Pain Conference, Las Vegas, NV. February 2006.
10. Office Orthopaedics: The Essentials of Non-Operative Musculoskeletal Care: Acute Back Pain, Cedars-Sinai Medical Center, Institute for Spinal Disorders, Los Angeles, CA, May 20, 2006.
11. Posterior Non-Fusion Stabilization: Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference Grand Rounds, Los Angeles, CA, October 18, 2006.
12. Baron, EM, Anand, N. Future Concepts in Artificial Disc Treatment of Cervical Spine Disorders. Cervical Spine Community Conference. Cedars Sinai Medical Center. Los Angeles, CA. February 3, 2007
13. Beat back pain and save your spinal motion: surgery without fusion. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Back Pain Conference, Las Vegas, NV. March 2007.
14. Beat back pain and save your spinal motion: surgery without fusion. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Back Pain Conference, Los Angeles, CA. March 2007.
15. Spine Trauma in Ankylosing Spondylitis: Medical and Surgical Approach to Spine Disease and Spine Deformity in Ankylosing Spondylitis. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Los

Angeles, CA. March 2007

16. The State of Minimally Invasive Spine Surgery Today: Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference Grand Rounds, Los Angeles, CA, April 25, 2007.
17. Posterior Non-Fusion Stabilization for DDD – An update: Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference Grand Rounds, Los Angeles, CA, May, 2007.
18. Baron, EM, Anand, N. New Developments in Spine Surgery. Temple Community Hospital, Los Angeles, CA. Tuesday, May 15, 2007.
19. Baron, EM, Anand, N. Extreme Lateral Interbody Fusion. Nursing Staff Presentation. Cedars Sinai Medical Center. Los Angeles, California. Tuesday, June 26, 2007
20. The State of Minimally Invasive Spine Surgery Today: Cedars-Sinai Medical Center, Research Dept Grand Rounds, Los Angeles, CA, July, 2007.
21. Baron, EM, Anand, N. Minimally Invasive Spinal Surgery. Sherman Oaks Hospital & Health Center, Sherman Oaks, California. Thursday, July 26, 2007
22. Baron, EM, Anand, N. Future Concepts in Artificial Disc Treatment of Cervical Spine Disorders. Cervical Spine Community Conference. Cedars Sinai Medical Center. Los Angeles, CA. Saturday, February 3, 2007
23. Baron, EM, Anand, N. New Developments in Spine Surgery. Temple Community Hospital, Los Angeles, CA. Tuesday, May 15, 2007.
24. Baron, EM, Anand, N. Extreme Lateral Interbody Fusion. Nursing Staff Presentation. Cedars Sinai Medical Center. Los Angeles, CA. Tuesday, June 26, 2007
25. Baron, EM, Anand, N. Minimally Invasive Spinal Surgery. Sherman Oaks Hospital & Health Center, Sherman Oaks, California. Thursday, July 26, 2007
26. Baron, EM, Anand, N. X-STOP® Interspinous Process Decompression (IPD®) System. Primary Care Physician Informational Lecture, Beverly Hills, CA Thursday, September 20, 2007.
27. Baron, EM, Anand, N. Cement Augmentation for Osteoporotic Fractures –Kyphoplasty versus Vertebroplasty. Primary Care Physician Informational Lecture, Beverly Hills, CA Thursday, September 20, 2007
28. Thoracic pedicle screws. Cedars-Sinai Medical Center, Institute for Spinal Disorders, Spine Conference, Los Angeles, CA, August 1, 2007
29. Baron, EM, Anand, N. Atypical Diagnoses in the Cervical Spine that should NOT Be Missed. 2008 Interdisciplinary Symposium Cervical Spine Trauma. Presented by Southern California University of Health Sciences and Diagnostic and Interventional Spinal Care. Southern California University of Health Sciences Performing Arts Center, Whittier, CA. Sunday, February 24, 2008.
30. Baron, EM, Anand, N. Minimally Invasive Percutaneous Multilevel 360 Degree Fusion for Deg. Scoliosis -

Feasibility Study. Cervical Spine Community Lecture. Cedars Sinai Medical Center. Los Angeles, California. Saturday, March 15, 2008

31. Anand, N. Baron, EM, Stabilization of the Spine without Fusion. Spine Community Lecture. Cedars Sinai Medical Center. Los Angeles, CA. Saturday, March 15, 2008
32. Rivadeneira, D., Anand, N., Minimally Invasive Surgery L5-S1 Fusion: A Spine and Colorectal Perspective; Cedars-Sinai Spine Center, Spine Conference, Los Angeles, CA, September 23, 2009
